

# Next-Generation Everest

## Now with 5-Year Warranty

Ford

# Experience A New Adventure

More room, comfort and capability. The Next-Gen Ford Everest is an SUV without compromise. Tough on the outside, a sanctuary on the inside, and ready for everything ahead of you and your family. You demanded it, we built it.

Under your New Vehicle Limited Warranty, Bumper-to-Bumper coverage begins on the warranty start date (the date the vehicle was delivered to the customer or put into use) and lasts for five (5) years or 150,000 kilometers, whichever comes first.

# Masterful Capability

The Next-Gen Everest features a choice of premium engines that deliver power and torque with the capability to master the challenges you decide to take on. Off-roading, overlanding, towing, road-tripping. Bold, tough and comfortable, and now yours to command.

**2.0L** Bi-Turbo Engine  
Max Power | Max Torque  
**210 PS** | **500 Nm.**  
10-speed automatic transmission  
\*For Titanium+ 4x4

**2.0L** Turbo Engine  
Max Power | Max Torque  
**170 PS** | **405 Nm.**  
6-speed automatic transmission

## Terrain Management System

The Everest gives you command of six on- and off-road drive modes (Normal, Eco, Tow Haul, Slippery, Mud / Ruts, or Sand) to help master every terrain.

Exclusive for Titanium+ 4x4

## Drive Mode Selector

The Everest provides you with an easy way to shift drive modes on-the-fly.

Exclusive for Titanium+ 4x4

## Electronic Shifter (E-Shifter)

Comfortable, central and where fitted, with advanced automated parking features at hand, the Everest's new E-Shifter offers a more effortless driving experience for the Next-Generation customer.

Exclusive for Titanium+ 4x4

## Distinguished Design

# Safety & Driver Assistance

### 7 Airbags

Every passenger, wherever they are seated, is protected. And in a first for Everest, there is now an airbag in between the front passengers, giving exceptional protection from side impacts.

### Adaptive Cruise Control with Stop&Go and Lane Centering

ACC helps maintain your speed when you're on the road and with Stop&Go, can slow down your Everest if traffic ahead has stopped or slowed. Lane Centering scans lane markings to help keep you on track.

Exclusive for Titanium+ 4x4

### Lane Keeping System with Road Edge Detection

Designed with road-trips in mind, the Everest can provide gentle steering support to help prevent the vehicle from drifting off the carriageway. So advanced, it's been designed to detect unmarked paved roads with soft verges, gravel hard shoulders and grass edges.

Exclusive for Titanium+ 4x4

### Forward Collision Warning

The Everest can alert you to a potential collision with a vehicle, cyclist or pedestrian in front of you and now, Intersection Assist can detect vehicles when turning. If you don't take corrective action, the system can apply the brakes automatically.

Exclusive for Titanium+ 4x4

### Evasive Steer Assist

If Pre-collision Assist determines the distance is too short to brake in time to avoid a collision, your Everest will provide steering support (without steering for you) to help you avoid the obstacle.

Exclusive for Titanium+ 4x4

### Reverse Brake Assist

Your Everest can detect if there is an object or pedestrian behind you or if a vehicle is about to cross at the rear. It will sound an alert and if you don't react in time, will brake for you.

Exclusive for Titanium+ 4x4

### C-Clamp Headlights

Instantly recognizable, Ford's signature design DNA is reflected in the C-Clamp Headlights that flank the Everest's commanding grille. This is what capability looks like.

### LED Taillights

LED taillights set in a full-width design emphasize the Everest's increased track. The extra 50mm plants the vehicle on its wheels creating a strong and muscular stance.

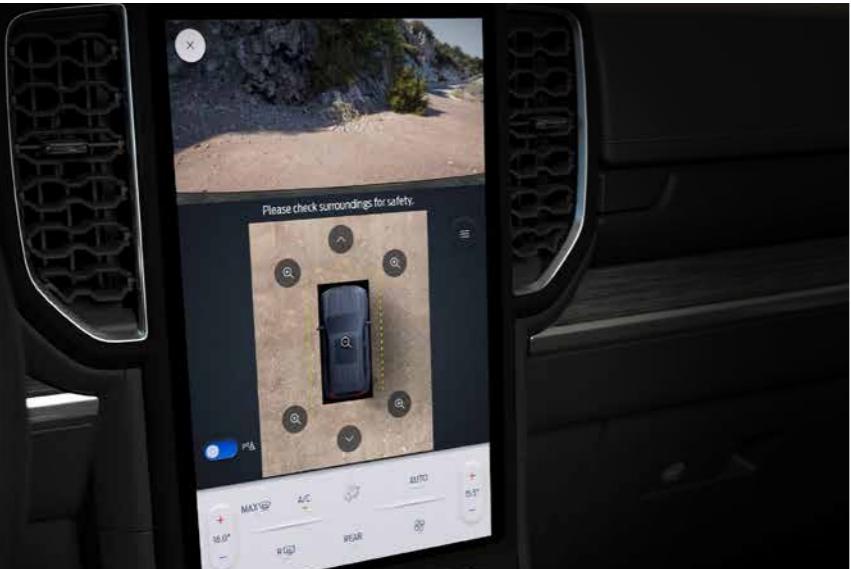

### Active Park Assist 2.0

For times when you don't want to do it yourself, by simply holding down the Park Aid button, Everest can park for you.

Exclusive for Titanium+ 4x4

# Intuitive Technology

The Next-Gen Everest is packed with next-gen tech to make driving easier and more fun. From simple touches such as wireless charging to sophisticated systems that can park for you at the touch of a button.

## 360-Degree Camera<sup>1</sup>

From the large center display, choose from multiple camera views to see more than ever. This includes a bird's eye 360-degree top-down view, 180-degree front and rear split view, and front off-road view.

Exclusive for Titanium+ 4x4

## SYNC®4A Connectivity<sup>2</sup>

SYNC®4A is a cloud-connected in-vehicle communication and entertainment system. There's a host of features, made easier by the system showing your last 5 actions. The information cards are simple to navigate using intuitive gestures. With wireless smartphone integration, and a 10.1" or best-in-class 12" touchscreen, you'll experience a whole new world of connectivity through your vehicle.

## Wireless Charging Pad<sup>3</sup>

Avoid the hassle of having to plug in your phone. Place it on the Everest's wireless charging pad and you are good to go.

1. Where the off-road screen feature is fitted (off-road screens only available on Next-Gen Everest 4x4 models and rotary selectable drive modes (SDM) 2. Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all SYNC® 4A features are compatible with all phones. 3. Wireless Charging only available on compatible phones.

## Purposeful Sanctuary

Everyone should be comfortable, no matter where they sit. The Next-Gen Everest is more spacious than ever, with more room and enough storage for every passenger.

### A Proper Third Row

The Everest's third row is wider, with more leg room, improved seats and easier access. Overhead vents keep the air circulating and the rear passengers cool and comfortable. Of course, side curtain airbags are standard.

### Panoramic Moonroof

Because it comprises nearly 50% of the roof space, you can open up your world and experience life under the stars at the touch of a button.

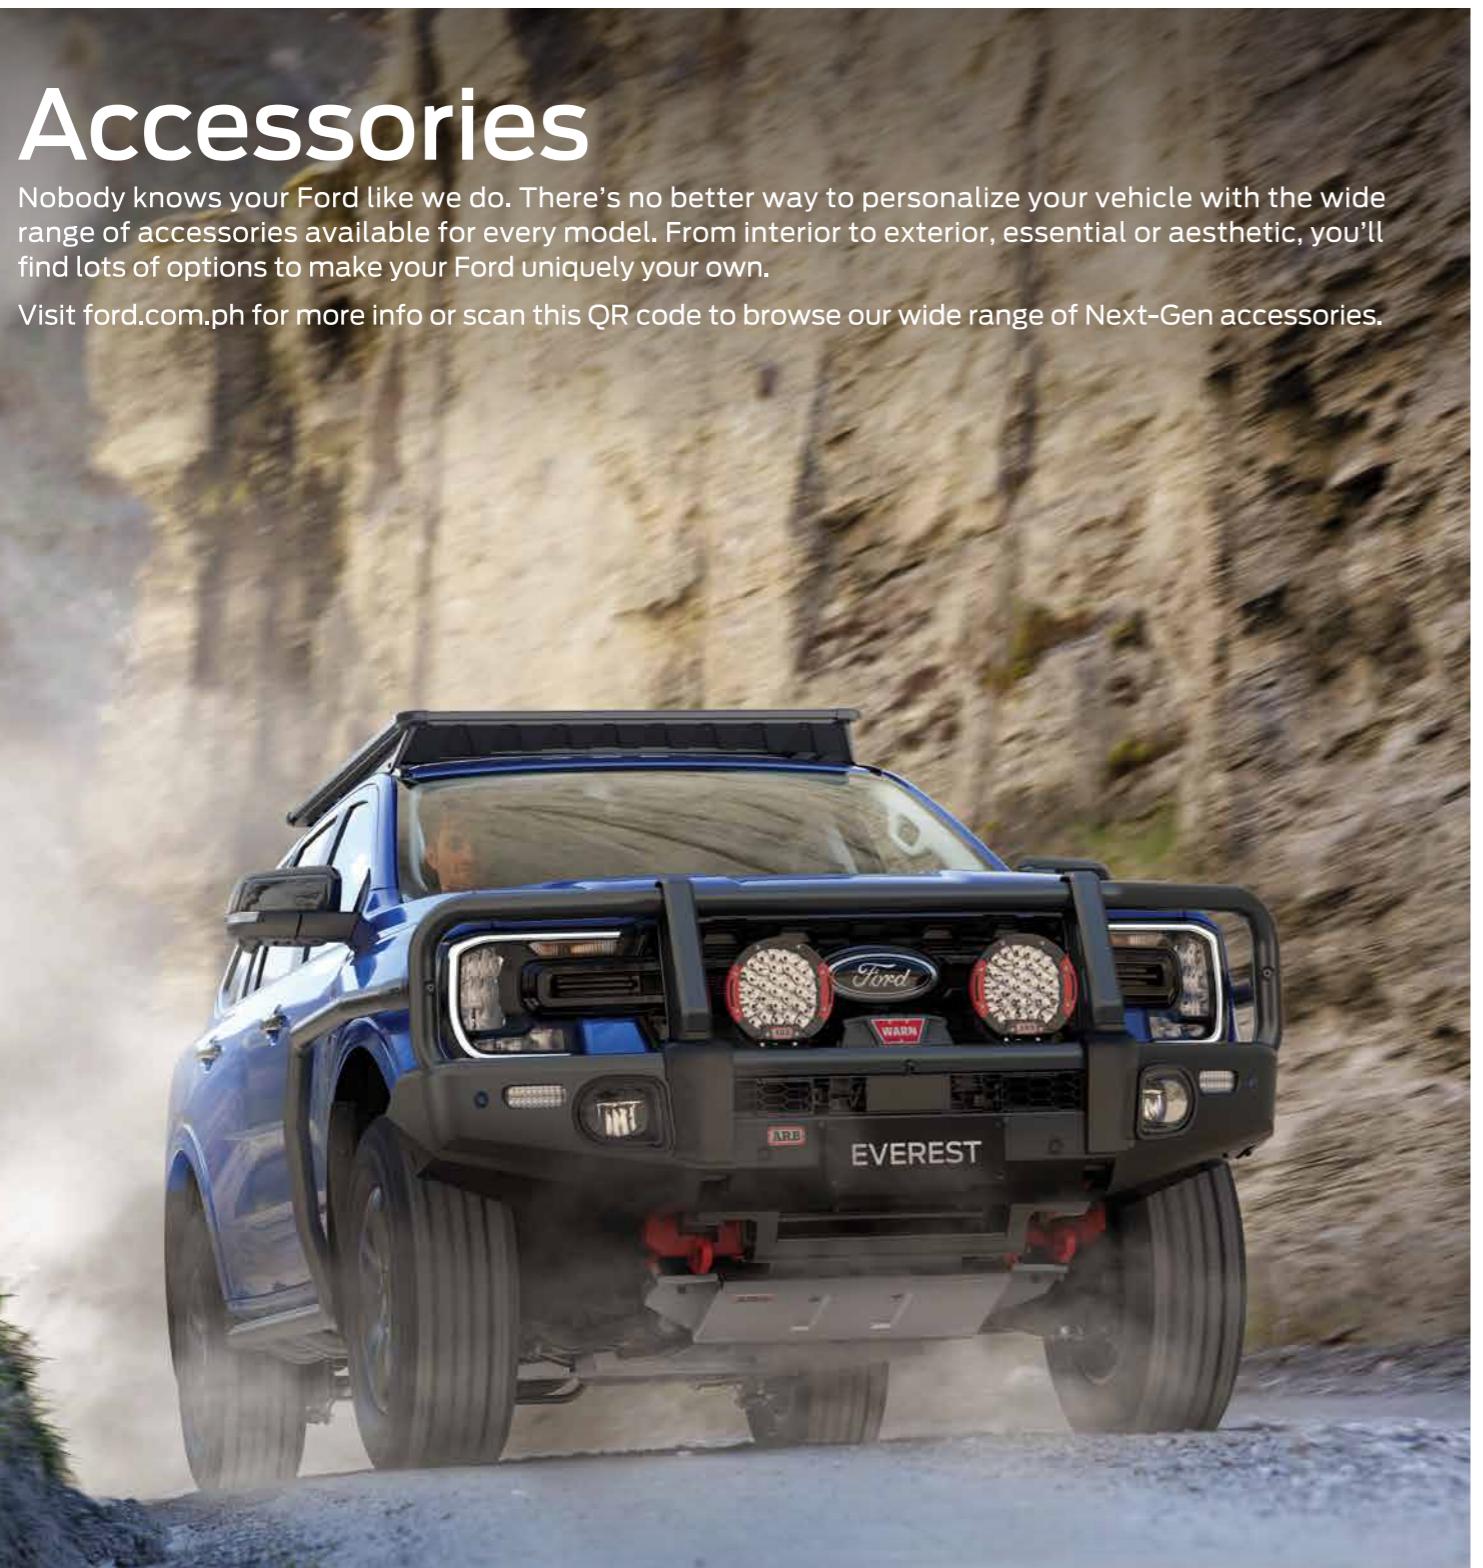

Exclusive for Titanium+

### Hands-free Power Liftgate

Hands full? Open the liftgate by kicking your foot under the sensor. The Everest's liftgate is wider for easier loading, opens and closes faster.

Exclusive for Titanium+ and Sport

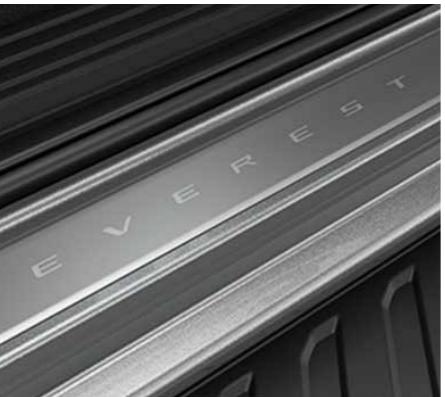

# Accessories

Nobody knows your Ford like we do. There's no better way to personalize your vehicle with the wide range of accessories available for every model. From interior to exterior, essential or aesthetic, you'll find lots of options to make your Ford uniquely your own.

Visit [ford.com.ph](http://ford.com.ph) for more info or scan this QR code to browse our wide range of Next-Gen accessories.

Vehicle shown is fitted with optional accessories. Please consult your Ford dealer regarding availability.

Genuine  
Quality

Every Ford Genuine and Ford Licensed Accessory has undergone a rigorous evaluation process by Ford engineers to ensure they're fully compatible with your vehicle, ensuring you'll get optimal integration and performance.

1 Year  
Warranty

When fitted to your new vehicle by an authorized Ford dealership prior to delivery, enjoy complete peace of mind with all Ford Genuine and Ford Licensed Accessories backed by our warranty of 1 year or 100,000 kms, whichever comes first.

Nationwide

Our vast national Ford network means there's a fitment center conveniently located near you. Always up-to-date with the latest technical information and thorough knowledge of the newest products, your local Ford dealership is the perfect place to visit for all your accessory needs.

**4X4 ACCESSORIES**

Ford has joined forces with ARB to create an exciting range of 4x4 accessories designed for your Next-Gen Everest. You can choose from a large selection of ARB 4x4 accessories, backed up by Ford warranty, from your local Ford dealership and the range will continue to expand.

FordPass

# Unlock your Next-Gen Everest's full potential with FordPass

With Ford Connected Vehicles fitted with FordPass Connect Embedded Modems\*, enjoy the connectivity benefits in the palm of your hand from the FordPass App.

## What are the key features?

	Connected Vehicle*	Non-Connected Vehicle*
<b>Remote Vehicle Lock &amp; Unlock</b>	●	○
Lock and unlock the doors of your vehicle from virtually anywhere.		
<b>Remote Vehicle Start &amp; Stop</b>	●	○
Remote start and stop your vehicle from anywhere and cool the interior cabin with the last known climate control setting before driving.		
<b>Vehicle Locator</b>	●	○
Easily find your vehicle in crowded carparks.		
<b>Vehicle Status</b>	●	○
Check your fuel level or odometer without having to be in the vehicle.		

## Here is how to set up your FordPass App when you receive your Next-Gen Vehicle

### 1. Download the app + create account

Download the app from either the Google Play or Apple App store, then create a user account.

### 2. Add Your VIN

- Upon installation of the app, open it and press **Add Vehicle**.
- It will then ask for your 17-character Vehicle Identification Number (VIN) which is found on the front of the windshield, or in your vehicle delivery documents.
- Press **Next**.

### 3. Activate Your Next-Gen Vehicle

- FordPass will indicate that your vehicle has been found, and you will be prompted to give it a nickname, such as 'My Everest'.
- Press **Get Started**.
- Press **Activate Vehicle**.
- Next, you may start your vehicle.
- On the SYNC™ screen, you will be asked to confirm the FordPass Connection. Press **Yes**.
- After this, close your FordPass App and then re-open it.
- If the screen now shows remote feature commands, then you have successfully activated your Next-Gen Vehicle, and have paired it with your FordPass App.

Protect®

Under your New Vehicle Limited Warranty, Bumper-to-Bumper coverage begins on the warranty start date (the date the vehicle was delivered to the customer or put into use) and lasts for five (5) years or 150,000 kilometers, whichever comes first.

### Premium Extended Warranty

The Ford Premium Extended Warranty is the most comprehensive Service Plan Protection fully backed by Ford Group Philippines. It covers the parts and labor to repair thousands of key components – engine, transmission, steering, electrical and more. Apart from the complimentary 5-Year Warranty that comes with our Next-Gen Ford vehicles, options to extend the plan to an additional one to two years are also available.

### Emergency Roadside Assistance

All Ford vehicles come with standard 3-year Roadside Assistance
